

THE BLAIRMORE ENTERPRISE

VOL. XV., No. 36.

BLAIRMORE, ALBERTA, THURSDAY, AUGUST 4, 1924.

\$2.00 PER ANNUM

J. A. Barbour and family returned to Coleman from Portland, Oregon, last week. Mr. Barbour was at one time proprietor of the Bellevue Pharmacy, during which period he also captained the Bellevue hockey seniors, and led them to victory. Mr. Barbour still holds a warm place in his heart for this section of the hemisphere and his many friends would welcome him back as a fixture.

Judge Jackson has returned from an extended visit to Europe as past-president of the Canadian Amateur Athletic Union and Canadian delegate to the Olympic games in Paris.

The trial of Loeb and Leopold for the kidnapping and murder of Bobby Franks concluded last week. The boys will receive sentence on September 10th, Wednesday next.

BELLEVUE FLOWER SHOW
 AN UNQUALIFIED SUCCESS

SCHOOL CHILDREN ENJOY
 "BYING" HOLIDAY PICNIC

Those who had the good fortune to see the display of flowers, vegetables, home-cooking and fancy work at the seventh annual exhibition under the auspices of Bellevue and District Horticultural and Industrial Club on Monday last witnessed a rare treat. In fact, it is not saying too much when one refers to it as the very best exhibition of its kind in Western Canada.

Weather this season has been ideal for the gardens and every article on exhibition was of a better grade than anything shown last year. The number of entries was about the same as last year's, but the quality of goods made judging more difficult.

A list of events and successful competitors will appear in a later issue of The Enterprise.

Field sports were carried out successfully, all events being vigorously contested.

During the day bands were in attendance and rendered pleasing selections.

At night a grand dance brought the day's proceedings to a close.

The executive of the association and the committee in charge of the exhibition deserve to be highly complimented upon the successful outcome and they desire to express their sincerest thanks to all parents and others who in any way assisted.

The exhibits were in place by 9 o'clock and judging started, the schools and writing section being judged by Owen Williams, B.A., principal of Coleman schools, while the horticultural exhibits were judged by Mr. W. Reader, of Calgary.

A large domestic goose failed to stop a passing freight train a few days ago and passed out.

Children of the local school will have just cause to for a long time remember the official visit of Governor-General and Lady Byng of Vimy to Blaimeore, for on Tuesday the holiday granted by Lord Byng was celebrated in a royal manner by way of a picnic and was voiced by all as the most joyous event they had ever attended.

Credit for the success of the affair must go to Principal Conway and members of the teaching staff, all of whom worked untiringly throughout the day in trying to satisfy every longing of the kiddies.

About five hundred children were present, accompanied by quite a sprinkling of parents and friends.

The Golf Club very kindly offered the use of their club house and surrounding grounds for the occasion and no more fitting place could have been chosen. Here ice cream, confections, fruits, sandwiches and lemonades were served by the teachers, assisted by some lady friends.

Sixty gallons of ice cream, forty pounds of confections, about twenty cases of fruit and a thousand sandwiches comprised part of the supply necessary for the occasion and all went well.

On the grounds a programme of races, jumps, etc., was carried out, under the guidance of the official starters, Mr. J. A. McDonald and Mr. Thorson. Races for boys and girls and men and women of all ages, sizes and weights were the order of the day, and Messrs. Dr. Olivier, L. L. Morgan, J. E. Gillis and Rev. W. T. Young had their hands full adjudging the winners in the close contests.

Prizes for the various events were handed out by Miss C. Marquis, Mr. Conway and Mayor McLeod.

The committee in charge desire to thank the business men and others who so liberally contributed towards prizes and eats and drinks, and to the various folks who volunteered assistance; particularly would they remember the many friends who came out with their cars and trucks to convey the children from the school to the picnic grounds and back.

The programme closed at 5 p.m., when the children lined up and gave three rousing cheers for Lord and Lady Byng.

The following were among the contributors, by way of cash, foodstuffs and prizes: G. A. Vissac, G. Porter, M. Bolecky, Pozzi & Son, Mr. Moran (of Conklin Garrett shoy), T. Ponelidic (Frank), Blaimeore Feed Store (east end), A. Morency, Silver Spray Brewery, E. Hinds, School Board, Town of Blaimeore, G. A. Passmore, D. M. Conway, Harry Burns, Mayor McLeod, Plunkett & Savage Wholesale, Crows' Nest Feed Store, Blaimeore Hardware Co., F. M. Thompson Co., J. Montalbetti, Sun Cafe, Union Meat Market, Christie Grant Co., G.W.V.A. Club, Mark Sartoris, Cape Beebe, E. Gillis, Mr. Gresham, Dr. R. K. Lillie, Scott's Grocery, Orpheum Theatre, Corner Club (J. Petroski), S. Trono, J. Kerr, F. S. Kafoury, Danny Lewis, W. J. Bartlett, Blaimeore Pharmacy, W. L. Evans, Plaza Cafe, Mar Poy, Alberta Hotel (Mr. Kuschel), Mr. Jensen, J. Spence, L. Huston, E. Livilie, E. McDonald, L. L. Morgan, (C. N. P. Motors), Mr. Dempster, Mr. Rudd.

**WHAT ABOUT THE
 INTERMEDIATE CUP?**

We understand that the Blaimeore Intermediate Hockey Team, winners of the cup last season, are not yet in possession of the trophy.

The boys are anxious to have the cup under their hand and intend to be the holders for yet another season.

A salmon weighing 52½ pounds, with a girth of 28½ inches, was caught in Campbell river on the B.C. coast recently.

POOL ESTIMATES WHEAT YIELD AT 265,000,000 BUS.

Regina.—The Inter-Provincial Wheat Pool Selling Agency estimates the total wheat crop of the three prairie provinces at 265,000,000 bushels.

This is approximately one hundred million bushels less than the estimate recently published by a Winnipeg newspaper, according to A. J. McPhail, President of the Selling Agency and of the Saskatchewan Wheat Pool.

Condemning exaggerated crop estimates as "misleading and detrimental to the farmers," Mr. McPhail said that the Winnipeg newspaper report in question resulted in a drop of 3% cents in the price of wheat on the market immediately after it had appeared.

"The report is misleading," said Mr. McPhail, "because it is based on the supposed acreage sown to wheat and takes no account of the fact that hundreds of thousands of acres have since been plowed under."

The inter-provincial wheat pool selling agency estimates the yield in Saskatchewan will be 150,000,000 bushels in the outside, with 70,000,000 or 75,000,000 bushels in Alberta, and 37,000,000 to 40,000,000 bushels in Manitoba. This estimate of 265,000,000 bushels for the three provinces at the best is based on reports received from 26,000 farmers reporting on their own districts."

Bordeaux Jail Investigation

Discover Plot to Liberate Four Men Under Sentence of Death.

Montreal.—Liberation from the Bordeaux jail of four of the six bandits who held up the Hochelaga Bank election car in April last, looted it of \$14,238 and killed its chauffeur, Henri Cleroux, was the real aim of the plot which was smashed when Giuseppe Scardifil was detected making his way out of the prison early Monday morning. Ramifications of the plot have been laid bare by the investigation ordered by the provincial government. Reliable information is to the effect that had the getaway plan succeeded, Louis Morel, Frank Gambino and Leo Danzio would have followed Scardifil to freedom, and "arrived" when they are awaiting execution October 24. The trio, it is understood, have been confined with Scardifil in adjoining cells of one wing of the prison. Tony Frank and Mike Valentino are in another wing.

Treaty Of Lausanne

France Is Fourth Power to Ratify the Treaty.

Paris.—The French Senate has ratified the Treaty of Lausanne, re-establishing peace in the Near East with only twenty negative votes. The chamber had voted ratification on Monday.

France is the fourth power to ratify the treaty, which became effective August 6 on its third ratification. Great Britain, Italy and Japan previously had voted their adherence.

To Plead Case Alone

Victoria, B.C.—Premier Oliver will not be accompanied by Government counsel when he attends the sitting of the Board of Railway Commissioners in Ottawa on September 17. He stated today he saw no need for legal assistance when the board takes up complaints against the restoration of the Crow's Nest Pass agreement freight rates.

Unemployment in Great Britain

London.—Unemployment in Great Britain has been slowly growing worse in the past six weeks, and last week the number of people out of work had increased by thirty thousand over the number the previous week. The total number of unemployed at present is estimated at 1,123,000.

Trade With Germany Grows

Ottawa.—Imports of goods from Germany to the value of \$49,000 during the year ended July, nearly double the amount of the previous year. Canadian exports to Germany during the twelve months were \$17,451,000, an increase of seven millions over the year previous.

To Probe Liquor Exporting

Windsor, Ont.—A thorough probe into the liquor export business along the Essex border will be instituted shortly by the Government, it was learned here. More stringent regulations are in prospect which will make the export business much less profitable than it is at present.

British troops number 197,490, of whom 169,273 are at home. This does not include 16,364 in India.

W. N. U. 1540

Will Learn Fate Soon

Chicago Youths to Receive Sentence On September 10.

Chicago.—After portions of the closing argument of Robert E. Crowe, States Attorney, had been struck out by Judge John R. Caverly as "cowardly, basely attack upon the integrity of this court and an attempt to intimidate it," the penalty was under advisement the penalty which he must decide for Nathan Leopold Jr. and Richard Loeb, the confessed kidnappers and murderers of Robert Frank.

The remarks of the court came out of a clear sky and startled the crowded court room into a shocked silence. Mr. Crowe's jaw dropped, and he blanched visibly under the judicial broadside. "Your honor, I had—," he began, but the Judge interrupted him.

"The State's Attorney knew full well that his remarks would be followed fast and wide," said the court. "He knew, too, the court would have no opportunity to reply or defend himself from criticisms except by the action he has taken."

The Judge read a prepared statement, and at its conclusion announced he would give his decision September 10 at 9:30 a.m., "unless illness prevents."

MacLaren Willing To Make Another Trial

Will Attempt World Flight If U.S. Allows Fail.

Edmonton.—"If the Americans do not succeed, I'll take it again next year." So stated Major A. Stewart MacLaren, British flying ace, concerning possibilities of another attempt at a round-the-world flight.

Major MacLaren, of the Royal Flying Corps, came from Vancouver to Whistler and stopped off the train to look around a bit.

"What do you think of the Americans' chances of getting through?" the correspondent queried in the course of a brief interview with the noted aviator.

"We believe they stand a good chance of completing the flight," he replied. "Of course, they have a number of obstacles still to overcome and the result of the journey won't be exactly smooth sailing. But they are getting good co-operation from the United States navy, and with decent luck they ought to make it."

Will Defer Action

Board of Grain Commissioners Consider Changes in Tariff Regulations.

Winnipeg.—The Board of Grain Commissioners were in private session here, ostensibly to consider proposed changes in the tariff regulations raised by representatives of the Saskatchewan Co-operative Wheat Producers' Limited.

It is thought likely that the board will defer action on the suggestions until the report of the Royal Grain Inquiry Commission has been laid before the Government. Members of the commission have left for the east.

Report Fewer Drug Addicts in Canada

Noticeable Improvement Especially in B.C. Says Health Department.

Ottawa.—Reports to the Health Department, indicate that drug addicts, taking the country generally, are on the decline, and that there has been a noticeable improvement in British Columbia. Stories that addicts are not infrequent in the secondary schools of British Columbia are doubted.

There may be as troubled here and there as it is said, but the evidence is far enough to have been brought to the attention of parents or teachers, but such cases would be very unusual.

New Canadian Industry

Ottawa.—For the first time in Canada, copper wire bars from domestic copper have been rolled within the past few weeks by the Consolidated Smelters of British Columbia. Advice received by the Government from this firm state that seventy-eight tons were recently shipped. It is the first result of the bounty on copper provided in last session's legislation.

Death of E. J. Chamberlin

Edmonton.—Edson Joseph Chamberlin, aged 73, recognized as one of the most competent and successful railroad men in the Dominion and one of the foremost operating experts on the continent, died recently at Pasadena, Calif., according to word reaching the capital. Interment will be made at St. Albans, Vermont.

Commodity Wheat Pool For Australia

Melbourne.—An announcement of the Government of Victoria's proposal to form a commodity wheat pool, was made by Premier G. M. Prendergast at the opening of the Victoria legislative assembly. The Premier also announced that the Government proposed to establish an agricultural bank.

United States Is Invited To Disarmament Conference

Geneva.—The League of Nations has extended an official invitation to the United States Government to send an official representative to participate in the deliberations of the disarmament committee, which will be appointed by the league assembly. This initiative, which is unique, is the outgrowth of United States participation in the league's preliminary study to elaborate a convention for international control of the traffic in arms.

Alberta's Dairy Pool

Virginia Campaign Will Be Carried On Throughout Harvest Season.

Calgary.—All documents for the formation of the Alberta Co-operative Dairy Pool are now in the hands of Attorney-General Brownlee, who met the investigating committee of the provisional board in Banff.

Throughout the harvest season a vigorous campaign of information concerning the advantages and working of the pool will be carried on, and about November 1 a definite drive for the signing of contracts will be launched.

H.B. ROAD MUST BE COMPLETED SAYS MINISTER

The Pas, Man.—The Hudson's Bay Railway is not a political football.

It has been the policy of the Liberal Government ever since the time of Sir Wilfrid Laurier that this route should be developed primarily for the benefit of all Canada, neither for the east nor the west, and Canada has been committed to build the road by both Liberals and Conservatives," declared Hon. W. R. Motherwell, Federal Minister of Agriculture, speaking at a luncheon tendered by the Pas Board of Trade.

The road has been known to be a "hot route" for wheat and cattle, but it has been made a success. There appears to be no reason why the so-called "cold route" through Hudson's Bay should not become a similar success. Any national enterprise is more or less a gamble, and the Hudson's Bay route should present no more elements of doubt to our minds than was the building of the C.P.R. "I am going over the road with an 'open' mind. Tributary industry along the route would, I believe, be sufficient to warrant the completion of the road as a paying branch of the C.N.R."

"There are two kinds of opposition to the road. First, those opposed to the magnitude of vast sums of money required; second, the fear of great financial loss to the western industry. The road must be completed through the efforts of the western pioneers. I do not know of any certain way of demonstrating the practicability of the Hudson's Bay route except by trying it. The question arises, will the risk warrant the experiment? My mission here now is to get first-hand information.

Crop Prospects Improve

Sir Henry Thornton Predicts Total Yield of 300,000,000 Bushels

Montreal.—The west's wheat crop will run at least 300,000,000 bushels this year, Sir Henry Thornton, President of the National Railways, stated when he returned to this city after a five weeks' inspection tour that carried him to the Pacific coast.

The Panama Canal route has

always been known to be a "hot route" for wheat and cattle, but it has been made a success. There appears to be no reason why the so-called "cold route" through Hudson's Bay should not become a similar success. Any national enterprise is more or less a gamble, and the Hudson's Bay route should present no more elements of doubt to our minds than was the building of the C.P.R. "I am going over the road with an 'open' mind. Tributary industry along the route would, I believe, be sufficient to warrant the completion of the road as a paying branch of the C.N.R."

"There are two kinds of opposition to the road. First, those opposed to the magnitude of vast sums of money required; second, the fear of great financial loss to the western industry. The road must be completed through the efforts of the western pioneers. I do not know of any certain way of demonstrating the practicability of the Hudson's Bay route except by trying it. The question arises, will the risk warrant the experiment? My mission here now is to get first-hand information.

Favorable Trade Balance

Balance of Trade With U.S. Now More Favorable to Canada

Ottawa.—Canada's so-called balance of trade with the United States is becoming more favorable to the Dominion. In the twelve months ended July, imports from the United States increased, Canadian exports to the United States \$3,145,000,000. In the previous twelve months the excess of imports over exports was \$192,265,000. Canadian exports to the United States in the twelve months ended July, \$423,210,000, an increase of approximately twenty millions over the previous year; imports from the United States were \$156,589,000, a drop of thirty millions from the previous year.

It is declared that the wheat growers of the United States are handicapped as compared with the Canadian growers, not only in cost of production, but in cost of transporting the crop to the world market and that the wheat growers of the United States would be driven from the market in their own country if it were not for the protective tariff. Emphasis is laid on the proportion that the Canadian farmer had the advantage in rail rates.

In general, it is argued that the United States farmer is helped by the tariff rates on agricultural products.

Comparisons are made in the Canadian and United States markets to show that the wheat industry in the United States has been helped by the high rates.

Seaplanes On Guard

Powerful Planes Will Now Patrol Coast of Britain

London.—Great Britain's coast line, in the near future, will be patrolled and guarded by powerful seaplanes, now under construction for the navy. They will carry a pilot, navigator, two machine gunners and a torpedo for launching at hostile surface craft.

Still more powerful planes are being built to make longer flights seaward and these will carry five men each.

New Canadian Industry

Ottawa.—For the first time in Canada, copper wire bars from domestic copper have been rolled within the past few weeks by the Consolidated Smelters of British Columbia. Advice received by the Government from this firm state that seventy-eight tons were recently shipped. It is the first result of the bounty on copper provided in last session's legislation.

Death of E. J. Chamberlin

Edmonton.—Edson Joseph Chamberlin, aged 73, recognized as one of the most competent and successful railroad men in the Dominion and one of the foremost operating experts on the continent, died recently at Pasadena, Calif., according to word reaching the capital. Interment will be made at St. Albans, Vermont.

Commodity Wheat Pool For Australia

Melbourne.—An announcement of the Government of Victoria's proposal to form a commodity wheat pool, was made by Premier G. M. Prendergast at the opening of the Victoria legislative assembly. The Premier also announced that the Government proposed to establish an agricultural bank.

Kindersley Crew Is Safe

Vancouver.—Everyone is safe and comfortable on board the Hudson's Bay schooner, Lady Kindersley, according to a wireless message received by the company. The ship is still looking for the ice about 30 miles from Tangent Point, east of Point Barrow.

Appoints New Ambassadors.

Pittsburgh, Pa.—Appointment of Edgar A. Bancroft, of Chicago, as ambassador to Japan, and of James Rockwell Shadwell, of New York, as ambassador to Mexico, is announced by President Coolidge.

Kindersley Crew Is Safe

Vancouver.—Everyone is safe and

A Distinguished Visitor

LADY DIANA COOPER

actress and daughter of the Duke of Rutland, one of the distinguished Britishers who came to America to attend the international polo games at Meadow Brook, Long Island.

Greater Co-operation Needed

President of Manufacturers' Association Makes Plea for Harmony Between All Classes

Toronto.—Greater co-operation between farmer, lumberman and industrial Canada was advocated by Col. A. F. Hatch, President of the Canadian Manufacturers' Association, speaking at the exhibition luncheon here.

"Why cannot the problem of building up Canada be solved by co-operation and compromise?" Colonel Hatch asked.

"Our chief national problem is to utilize the raw materials from our great resources in such a way as to give the greatest possible amount of employment to Canadians, and this may be done by manufacturing to the limit of our ability all these raw materials which we now export. We must get to work in a spirit of co-operation among all classes for the constructive development of this country."

Crop Prospects Improve

Sir Henry Thornton Predicts Total Yield of 300,000,000 Bushels

Montreal.—The west's wheat crop will run at least 300,000,000 bushels this year, Sir Henry Thornton, President of the National Railways, stated when he returned to this city after a five weeks' inspection tour that carried him to the Pacific coast.

The Panama Canal route has

always been known to be a "hot route" for wheat and cattle, but it has been made a success. There appears to be no reason why the so-called "cold route" through Hudson's Bay should not become a similar success. Any national enterprise is more or less a gamble, and the Hudson's Bay route should present no more elements of doubt to our minds than was the building of the C.P.R. "I am going over the road with an 'open' mind. Tributary industry along the route would, I believe, be sufficient to warrant the completion of the road as a paying branch of the C.N.R."

"There are two kinds of opposition to the road. First, those opposed to the magnitude of vast sums of money required; second, the fear of great financial loss to the western industry. The road must be completed through the efforts of the western pioneers. I do not know of any certain way of demonstrating the practicability of the Hudson's Bay route except by trying it. The question arises, will the risk warrant the experiment? My mission here now is to get first-hand information.

Favorable Trade Balance

Balance of Trade With U.S. Now More Favorable to Canada

Ottawa.—Canada's so-called balance of trade with the United States is becoming more favorable to the Dominion. In the twelve months ended July, imports from the United States increased, Canadian exports to the United States \$3,145,000,000. In the previous twelve months the excess of imports over exports was \$192,265,000. Canadian exports to the United States in the twelve months ended July, \$423,210,000, an increase of approximately twenty millions over the previous year; imports from the United States were \$156,589,000, a drop of thirty millions from the previous year.

It is declared that the wheat growers of the United States are handicapped as compared with the Canadian growers, not only in cost of production, but in cost of transporting the crop to the world market and that the wheat growers of the United States would be driven from the market in their own country if it were not for the protective tariff. Emphasis is laid on the proportion that the Canadian farmer had the advantage in rail rates.

In general, it is argued that the United States farmer is helped by the tariff rates on agricultural products.

Comparisons are made in the Canadian and United States markets to show that the wheat industry in the United States has been helped by the high rates.

High Wheat Yield

Guelph, Ont.—In the experimental station at the Ontario Agricultural College, winter wheat yielded higher this season than in any other year since 1900.

The average yield of grain per acre per annum of 14 varieties grown for the past 25 years is 44.5 bushels, while the average yield per acre for the same varieties for 1924 is 63.4 bushels, or an increase in 1924 of fully 18 bushels per acre.

Fair Albert Wheat

Calgary.—The first sample of this season's wheat was received by George Hill, Dominion grain inspector, on August 6th. This came from Barons in the south, and the grain grade No. 1 Northern. The sample was of a fine color, the kernels being fine and plump. Mr. Hill stated that the sample was quite as good as any wheat produced in Alberta last year.

Antofa France III.

Paris.—Antofa France III, 50, who is residing at his Tournai country house, is again ailing, says the Petit Parisien, and is confined to his bed.

No Labor Troubles

Regina.—Saskatchewan has been absolutely free from labor troubles to date during the present year, no strikes or lockouts having been recorded. The nearest approach to trouble was the dispute between the city and its power house employees in Moose Jaw, and this was amicably settled by arbitration.

Stansfield Is Returning

Wellington, N.Z.—Valhalmur Stansfield, Arctic explorer and discoverer of the blonde Eskimo, who recently made a trip into the interior of Australia, has sailed for San Francisco on the steamer Tahiti.

Would Hold Off Increase In Cargo Rates On Grain

Edmonton.—A request is being made by the Alberta Government that the Ottawa authorities take steps to hold off the increase of car rates on grain by the Canadian Pacific Railway. Opportunity has been given for a thorough investigation and a hearing at which all interests involved may be represented. Premier Greenfield has sent a wire to Hon. Mackenzie King and the Minister of Marine and Fisheries, in which he asks that they take this action in accordance with previous understandings in the matter.

Brasile Regulations

Manitoba To Tighten Up On Sale Of Liquor

Winnipeg.—Drastic regulations governing sale of beer in the province have been recommended to the Government of Manitoba by the liquor commission, and the cabinet, at a meeting, passed an order in council bringing the new recommendations into immediate effect. In future no beer will be sold except in glass bottles, the sale of draft beer being entirely cut out. A permit holder is limited to the purchase of not more than 24 quart or 48 pint bottles of beer per week, and it will be permitted to purchase 72 quart or 120 pint bottles of beer per month. The sale of beer in kegs, barrels or anything else than glass is absolutely prohibited.

Strict Epidemic In Japan

New Disease Is Responsible For Heavy Toll of Life

Tokio.—Several of the most eminent physicians have left hurriedly for the western provinces, where a new epidemic, resembling spinal meningitis, is reported to be raging, causing nearly 900 deaths in recent weeks. The local physicians call it narcoleptic meningitis. The victims undergo the usual symptoms of spinal meningitis, and then fall into a coma state, remaining so until death. The mortality is at the rate of 65 per cent.

Japanese physicians say that the cause of the disease is not known. Every summer a few cases have been reported in the western provinces, but never so epidemic or virulent.

Germany Discharges State Employees

General Reduction Necessary To Aid in Balancing Budget

Berlin.—Several thousand of the 1,600,000 state employees have been discharged in Germany during the past few months under a law providing for a general reduction of officials to aid in balancing the budget. It is estimated that 430,000,000 gold marks will be saved for the Government.

General conditions on the labor market are bad, owing to the economic depression. In most branches, and it is held improbable that many of those discharged employees can find work elsewhere.

France Reducing Expenses

Government Decides to Cut Down on Budget of Ministries

Paris.—The French cabinet decided upon a general overhauling of Government expenses with a view to strictly balancing the budget, and it was agreed that Premier Herriot and Finance Minister Clement should begin on September 8 the task of eliminating all unnecessary expenses from the budget of the various ministries. This revised list of appropriations will then be considered by the cabinet and a budget bill will be prepared and given to Parliament at its spring opening session.

Want West Indian Trade

Ottawa.—While no announcement has been made respecting the appointment of a Canadian to investigate trade conditions in the West Indies, with a view to negotiating a new trade agreement between Canada and that colony, it is probable that Hon. Thomas A. Law, Minister of Trade and Commerce, will go south to carry on the preliminary work.

Want Leader For Alberta Liberals

Calgary.—Following the elevation of Hon. J. H. Boyle to the Alberta bench, two names only have been mentioned with any frequency in connection with the leadership of the Liberal party in Alberta. They are C. H. Mitchell, former provincial treasurer and member for Bow Valley, and W. M. Davidson, editor of the Calgary Albertan, independent member for Calgary.

No Labor Troubles

Regina.—Saskatchewan has been absolutely free from labor troubles to date during the present year, no strikes or lockouts having been recorded. The nearest approach to trouble was the dispute between the city and its power house employees in Moose Jaw, and this was amicably settled by arbitration.

MEN WHO GUIDE DESTINY OF THE BRITISH EMPIRE

Forres, Scotland.—Ramsay MacDonald, the British Prime Minister, in a speech here alluded to the heavy responsibilities of the people governing the extraordinary federation of self-governing nations comprising the British Empire. Mr. MacDonald said they sometimes had the feeling that human wisdom and strength were equal to the task of enduring them.

"And yet," Mr. MacDonald added, "there is something to do and strengthening in it all that the work can be done."

The Premier referred to the recent review of the British fleet of Spitfires.

He remarked that many who viewed it thought the line of the battle fleet a very short one.

"That shortening was a great achievement," Mr. MacDonald declared. "Great Britain signed the compact of Washington, and Great Britain always shall, and must, carry out that compact and honor its signature."

Remarking that he was going to Geneva shortly, but that he was unable to say what would be done there, Mr. MacDonald concluded:

"But whatever happens if we are to go with this process of disarmament we cannot do it alone. It must be mutual, with common consent. The other nations must stand alongside us."

I do not want to exaggerate it—to make a bit of a beginning toward better things."

"So long as I hold the position I now occupy, all my energies will be directed towards making that beginning successful in further efforts and further steps."

Germany Discharges State Employees

General Reduction Necessary To Aid in Balancing Budget

Berlin.—Several thousand of the 1,600,000 state employees have been discharged in Germany during the past few months under a law providing for a general reduction of officials to aid in balancing the budget. It is estimated that 430,000,000 gold marks will be saved for the Government.

General conditions on the labor market are bad, owing to the economic depression. In most branches, and it is held improbable that many of those discharged employees can find work elsewhere.

Want Leader For Alberta Liberals

Calgary.—Following the elevation of Hon. J. H. Boyle to the Alberta bench, two names only have been mentioned with any frequency in connection with the leadership of the Liberal party in Alberta. They are C. H. Mitchell, former provincial treasurer and member for Bow Valley, and W. M. Davidson, editor of the Calgary Albertan, independent member for Calgary.

No Labor Troubles

Regina.—Saskatchewan has been absolutely free from labor troubles to date during the present year, no strikes or lockouts having been recorded. The nearest approach to trouble was the dispute between the city and its power house employees in Moose Jaw, and this was amicably settled by arbitration.

Stansfield Is Returning

Wellington, N.Z.—Valhalmur Stansfield, Arctic explorer and discoverer of the blonde Eskimo, who recently made a trip into the interior of Australia, has sailed for San Francisco on the steamer Tahiti.

SCHOOLS AND POWDER PUFFS

"Just what things are coming to I do not know," remarked a well known business man. "I have a little girl who is persistently worrying the life out of her mother for what she calls a vanity case or something that sounds like that, and mind you she is only ten years old. She says that other girls have a little powder puff and a little mirror and she wants one too. I don't know whether teachers allow them to powder their noses between times, or whether the art of 'douling up' is going to become a regular feature in the education of the coming generation. I believe that if things go on as they are heading we shall soon have a nation of peroxide blondes and kalsomine beauties. Why, the other night at the theatre a bobbed-haired beauty seated herself in front of my wife and I, took off her hat, gave her woolly locks a shake, opened up her handbag and extracted a jewelled comb and for about ten minutes made the dust fly until her hair stood out around like a polywog. Then came the time for powder and massage around the nose and neck with what looked like a piece of chamois leather. By this time the show had started and the makeup operations ceased and a dig in my ribs from my wife brought my attention back to the show."

THE SUNDAY PAPER

One of the most pernicious forms of Sabbath desecration is the Sunday newspaper. It is one of the most successful inventions that Satan ever devised for injuring the Kingdom of God.

As long ago as 1911 the Sunday paper of Pittsburgh had a circulation of over 400,000. Fourteen cities in our country at that time had a Sunday newspaper circulation of 10,000,000 and in the United States there was a total circulation of about 16,000,000. The increase in the decade preceding had been large. If four different persons on the average, read each a copy of the Sunday paper, 65,000,000 persons were reading the Sunday paper in 1914.

"Well, what great harm is there in the Sunday paper anyhow? Does it not contain much useful information, and is it not better for a man to sit quietly on his front porch on Sabbath morning and read his paper than to conduct his business?" The evil in the Sunday press is not only in "what" it is, but in what it does. It commercializes the Lord's Day. The man who buys a paper on that day is helping to knock a whole row of men down. The Sunday press occupies time that God has set apart for rest and worship. It turns people's minds away from holy things. It keeps men away from the sanctuary. It unites them for church, if they do go. Let a man spend an hour or two on Sabbath morning in reading about markets, and stocks, and politics, and divorces, and football, and in looking at the Katzenjammer Kids and Mutt and Jeff and Happy Hooligan and even if he does afterward attend public worship the sermons will be like pouring water on a duck's back. A basket cannot be filled with chips, and then filled with apples.

It has been aptly remarked that the Sunday paper is much like the sheet which Peter in his vision saw let down from heaven. In it were all manner of four-footed beasts and creeping things of the earth and birds of the heaven; but, unlike Peter's sheet, the Sunday paper was never let down from heaven, and God has never cleansed it.—Christian Statesman.

WHAT THIS COUNTRY NEEDS

What this country needs is not a new birth of freedom, but the old-fashioned \$2.00 lower berth.

It isn't mere liberty, but less people who take liberties with our liberty.

It is not a job for every man, but a real man for every job.

If it isn't to get more taxes from the people, but for the people to get more from the taxes.

It is less tractors and more detractors.

It isn't more young men making speed, but more young men planting spuds.

It is more paint on the old place and less on the young face.

It isn't a lower rate of interest on money, but a higher interest in work.

It is to follow the footprints of the fathers instead of the foot-steps of the dancing master.—St. Paul "Crescent."

HARRY JOINS THE CHURCH

Harry K. Thaw, millionaire killer of Stanford White, is trying to "come back."

He has settled in Winchester, Virginia, where he has bought a home. Harry is not exactly popular in Winchester yet. He boasts about the murder he committed, and children shy away from him on the streets. He curses and shouts at waiters who do not bring him food quickly enough. His mother follows him around with a wail of bills "fixing" the little disturbances he causes.

But even at that he is getting on. For instance, he has been accepted into the Charley Rous Volunteer Fire Department, Winchester's most exclusive social organization.

And the leading church, where Harry donates a twenty or fifty dollar bill every Sunday morning, has gladly enrolled him among its members.

A rich man may have more trouble getting into heaven than a camel has to get through the eye of a needle, but they seem to have a different standard in Winchester, Virginia.—Examiner.

DO YOU EVER STOP TO THINK?

THAT it always pays to buy from the business concerns that are persistent advertisers.

THAT newspapers guard their advertising columns in a way that assures you of the reliability of those concerns advertising.

THAT there is much difference between cheap goods and good goods cheap—imitations of good goods can easily be found.

THAT stores that sell good goods cheap, advertise that interesting fact. Advertising is what has put them in the limelight. They are always ready to meet the demands of the busy shoppers.

THAT they have put themselves in the public service by truthful advertising.

THAT in the stores that advertise you will find that they not only sell good goods cheap, but you will experience the pleasure of receiving service with the goods, and you will also find there courtesy and appreciation.

THAT you will get what you want and not an imitation. You will find they buy right and sell right.

The man or woman who knows good goods will find that it always pays to buy from the business concerns who invite their business through the advertising columns of the newspapers.

(Copyright, 1924, by E. R. Waite, Sec., Shawnee, Okla., Board of Commerce.)

A teacher a few days ago asked little Mary to compose a rhyme, using the words—"Nellie." She finally got this one:

"There was a pretty little girl and her name was Nellie,
 She fell in the water and wet her little feet."

"Why, Mary," said the teacher, "that doesn't rhyme!"

"I know it doesn't, the water wasn't deep enough."

Building permits issued in Blairmore during the months of July and "Byng" school picnic on Tuesday was August exceeded in number and value. Miss B. Douglas, who in the race for election those issued during the same month of "21 and under" outpaced period in the city of Edmonton, the Miss Williams by but a fraction of a capital of the province. Edmonton nose. Other competitors were, Misses F. Palmer and M. E. Rae. Miss Douglas was presented with a "Bob" cornel and comb.

The Welcome Sign

"NOBODY asked you, sir," said the coy maiden. And in matters of buying, as well as in affairs of the heart, most people like to be "asked." Often, indeed, they insist on a proper invitation.

He is a wise merchant who keeps the welcome sign constantly before the community in the form of ADVERTISEMENTS in the home paper. There everybody sees it—for ADVERTISING is "the light of directed attention."

Speak up. Light up. Hundreds of good customers are listening for your message and watching for your welcome sign in "The Enterprise."

BLAIRMORE TUXIS CHAMPIONS

Blairmore Tuxis and Calgary Vics divided a double-header on Friday last in the Juvenile Championship series, Calgary taking the afternoon game 10 to 0 and Blairmore the evening fixture by an equally large score of 11 to 3. Errors were costly on both sides in their respective games. No less than four Calgary pitchers went in to try to stop Blairmore in the evening game.

A fine crowd of fans were present at both games. Every store in town closed for two hours during the afternoon to enable their employees to see the game.

How they scored—First game:

1st Inning—Vics: McCulloch hit by pitcher, reaches 2nd on passed ball, McConnell fanned, McCulloch steals 3rd and scores, Simon fanned, Oakes got a two-bagger, steals 3rd and comes home on Carter's overthrow to 3rd base, Johnson singles to 1st who passes ball, Johnson safe, steals 2nd and 3rd and comes home on Carter's overthrow to 3rd base, Sindel singles and steals 2nd, Fastenick fanned—3 hits, 8 runs, 4 errors.

4th Inning—Vics: Oakes fanned to 1st, Sindel singled past 2nd, Fastenick walked, Sindel goes to 3rd, Fastenick and walked, Sindel goes to 3rd, Pasterick to 2nd, Shannon singled through 1st scoring Sindel and Fastenick. Lance walked, McCulloch's grounder muffed at short, McConnell hit to short, McCulloch out at home, Simon's grounded out to third, put out at 1st—4 hits, 3 runs, 2 errors.

5th Inning—Vics: Oakes singles to 3rd, Sindel singles, Oakes to 3rd, Oakes safe, steals 2nd, Fastenick out at 1st, Sindel goes to 3rd, Shannon hits to 1st who passed ball, Shannon safe, Sindel scores, Shannon steals 2nd and 3rd, Sindel steals 2nd and 3rd, Fastenick fanned—3 hits, 8 runs, 2 errors.

Two double plays featured the afternoon game. Lance hit to 2nd in the 1st inning, became a double, Shannon out of 2nd, in the 9th inning. Simon singled to centre, Johnson then fanned out to Evans, who threw to 2nd, catching Simon.

Blairmore 1000 000 000 0 13

Blairmore 000 000 000 0 3

Lineup of teams—Vics: MacCulloch, p.; McConnell, 2b; Simon, r; Johnson, cf; Oakes, c; Sindel, ss; Pasterick, 1b; Tuxis: Kemp, 2b; Hornquist, p.; Oakes, ss; Houbregts, 3b; Thompson, cf; Vangodsenen, lf; Pinkney, 1b; Evans, cf; Carter, 1b; Lance, c.

In the evening game Flynn started the flinging for the Vics, with Lance again receiving. Houbregts performed on the slab for the Tuxis, with Evans receiving the ball on the 4th inning, when Hornquist took the mace. Goss handled 3rd, while Decox replaced Hornquist at centre.

How they scored—Second game:

1st Inning—Tuxis: Kemp fanned to right, Goss popped to Flynn, Kemp steals 3rd, Oakes scores, scoring Kemp. Houbregts fanned on Lance's error, Houbregts fanned to 3rd—1 hit, 0 runs, 0 errors.

2nd Inning—Tuxis: Hornquist walked, Kemp forces Hornquist at 2nd, Kemp goes to 2nd and 3rd, Oakes scores Kemp on single to centre, goes

to 2nd and 3rd, Houbregts fanned out to left, retiring side—2 hits, 1 run, 1 error.

3rd Inning—Vics: Pasterick fanned, Shannon singled to right, Lance out at 1st, Shannon goes to 2nd, goes to 3rd, Flynn singled to first, Shannon advancing, Flynn, Flynn goes to 3rd and scores on catcher's throw to 3rd, Simon out at 1st, Johnson goes to 2nd—3 errors.

4th Inning—Tuxis: Thompson pops to right, Vangodsenen hits to 3rd, reaching 1st on Pasterick's error, Pinkney fanned back of 2nd, both runners safe on McConnell's muff. Evans fanned to 3rd, Houbregts fanned to 2nd, Evans scores. Pinkney goes to 3rd, Hornquist to 2nd, Kemp doubles deep centre, scoring Pinkney and Hornquist. Goss walked, Kemp steals 3rd, Goss scores. Lance fanned to 1st on catcher's error, Oakes fanned out to centre—4 hits, 4 runs, 3 errors.

5th Inning—Tuxis: Thompson safe on 1st through infield hit, Thompson hits to 3rd, Lance fanned to right for three bases, scoring Houbregts. Decox, batting for Evans, fanned. (McCulloch replaced Flynn in the 4th)—3 hits, 3 runs, 2 errors.

6th Inning—Tuxis: Hornquist doubled over centre, Kemp singled, scoring Hornquist on Pasterick's error, Goss fanned out to centre, who doubled out to 1st. Goss out to 2nd, Lance out to 3rd, Goss out to 1st.

7th Inning—Vics: Sindel out to 1st, Lance to 2nd, Goss to 3rd, Lance to 4th, Goss to 5th, Lance to 6th, Shannon reaches 1st, Pasterick out at 7th, Lance to 3rd on overthrow, Shannon comes home, Lance out at 1st—2 hits, 1 run, 2 errors.

8th Inning—Tuxis: Lance fanned to left field while Johnson replaces McCulloch who in turn takes Pasterick's place at 1st. Decox out at 1st, Hornquist walked, goes to 2nd, Houbregts to 3rd, Goss to 4th, Lance to 5th, Goss to 6th, Lance to 7th, Goss to 2nd, making 3rd on overthrow. Goss walked to 2nd, Lance singles, scoring Hornquist. Lance to 3rd, Goss to 4th, Lance to 5th, Goss to 6th, Lance to 7th, Goss to 8th, Lance to 9th, Goss to 10th, Lance to 11th, Goss to 12th, Lance to 13th, Goss to 14th, Lance to 15th, Goss to 16th, SERIOUS ACCIDENT NEAR BULL RIVER

CROWS' NEST PASS GOLF ASSOCIATION TOURNAMENT

While motoring through from a trip over the Banff-Windermere highway on Monday evening, a Ford Coupe, being driven by Rev. Father Duggan, of Calgary, slid over an embankment at a point a few miles east of Bull River, in an attempt to pass another car. Rev. Father Moriarty, a passenger, seeing the predicament they were being placed in, opened a door and attempted to jump out, but the sliding car had evidently trapped him, and he was conveyed to the bottom of the dump.

A car following close behind halted and the occupants rushed to their assistance. Father Duggan had succeeded in extricating himself, but Father Moriarty was still pinned and it took the combined energies of the rescuers to remove him. He was rushed to Cranbrook, where upon examination, his condition was found to be serious and doctors advised his immediate removal to Calgary.

According to latest advices, very little hope is entertained for Father Moriarty's recovery.

Upon a receipt of a wire from Father Duggan, Father Cosman left Blairmore for Cranbrook on Tuesday, returning the same evening.

Father Moriarty is rather up in years and is very well and favorably known throughout the province.

Father Duggan held his post at the wheel and came through with but a slight scar, and it is generally believed that had Father Moriarty done likewise, he might have fared better.

Mr. Buchanan, circulation and correspondence drummer for the Lethbridge Herald, was in town yesterday.

Rumor has it that the Pacific Coast Hockey League, which has been in existence since 1912, is no more. The Patriotic circuit has merged with the

Western Canada loop, the application of Victoria and Vancouver submitted by Lester Patrick and Frank Patrick having been accepted.

The following members of the Blairmore club were present at the annual tournament of the Crows' Nest Pass Golf Association which was held

Friday evening commencing on the 80th of August:

Mr. and Mrs. J. H. Farmer, Mrs. R. Green, Mr. and Mrs. J. R. Smith, Mr. and Mrs. M. G. McLean, Mr. W. Bell, Mr. H. Burns, Mrs. J. E. Gillis, Mrs. G. H. Thompson, Miss Brether, Miss Farmer, Miss Salmon, Miss Marquis, Mr. A. Kelly, Mr. and Mrs. J. A. Stewart, Mr. L. P. Rohr, Mr. G. Burns, Mr. C. Emerson, Mr. W. W. Scott, Mr. G. Mackenzie, Mr. D. Martin, Mr. Hartnett.

The following were the results:

Ladies' Championship—Mrs. Lawes, Fernie, runner up Mrs. Watson, Fernie.

Men's Single Competition (handicap)—M. J. E. Gillis, Blairmore.

Men's Championship—A. Watson, Fernie, runner up L. P. Robert, Blairmore.

Men's Stroke Competition (handicap)—A. Robertson, Cranbrook.

Mixed Doubles Competition (handicap)—1. Miss Marquis, 2. Mrs. Herchmer, 3. Mrs. Bonnell, 4. Mrs. Stewart, 5. Mrs. Bonnell, 6. Mrs. Watson.

Special Handicap (Ladies)—1. Miss Bonnell, Fernie. 2. Mrs. McCreary, Cranbrook.

Men's Foursomes—Dr. A. H. Kennedy, Macleod, and Dr. A. Stewart, Fernie.

Ladies' Foursome—Mrs. Herchmer and Mrs. Stewart, Fernie.

Annual Handicap, (Men)—Best gross score: D. G. Mackenzie, Blairmore. Best net score: 1. C. Emerson, 2. A. J. Kelly, Blairmore.

Long Driving (Men)—1. D. G. Mackenzie, Blairmore. 2. D. Martin, Blairmore. 3. A. J. Kelly, Blairmore.

Long Driving (Ladies)—Mrs. A. Watson, Fernie. Mrs. Beale, Cranbrook. Mrs. Stewart, Fernie.

Putting and Approaching (Men)—D. M. Mitchell, Fernie. A. Watson, Fernie.

Putting and Approaching, Ladies'—Miss Cody, Fernie. Mrs. Lawes, Fernie.

A meeting of delegates from each club in the district is to be held in Blairmore on the 20th inst. at which time the names for next year's tournament will be fixed.

The visitors were royally entertained during the three days by the members of the Fernie Golf Club.

The visitors came away with most pleasant recollections of a splendid holiday.

Newfoundland is to have a fourth

pulp and paper mill, with capacity of

three hundred tons of newsprint daily.

WHY AN ENGINE IS A "SHE"

NEED MINING BOARD IN CANADA TO PROTECT OLD COUNTRY MINE INVESTORS

A railroad engine wears a jacket with yokes, pins, straps, hangers, shields, an apron and lap. They have shoes, pump and hose. They attract men with puffs and muffers and sometimes they foam and refuse to work. Sometimes they are switched. It takes men to make them work and if they are abused they may make scrap. In addition to all this, the upkeep is something fierce, so the railroad men say. This last, if nothing else, entitles them to take the feminine pronoun.

French veterinarian insist that a cow's tail can determine her milk output and also her milk value. The quantity and value are indicated, say the veterinarians, by the smoothness and slenderness of the tail from a sort of break in the bone structure to the end of her fly-swatter.

Speaking to a Chautauque audience at Truro, Nova Scotia, Hon. Quin O'Brien, of Chicago, stated that the Maritime Provinces should be to the rest of Canada what the New England states are to the United States, that they should develop foreign trade and fill up the country with the proper kind of settlers. With regard to the development of the provinces, he referred to the Canadian National Railways, saying that he thought it was poor business for the people of Canada to maintain in the United States the terminus of their own government-owned railway.

A Shirt Tale
The single man never has a button on his shirt. Some married men never have a shirt to put one on.

Toronto.)

(Continued)

Consciousness must have fled Seymour's mind for just a moment. With its return, he realized that he was shouting excitedly after Koplock, the interpreter. Haunted by that last glimpse of Mota tumbling down into the snow, he had tried to raise himself for another look over the tragic stage. Only his brain still awoke, his muscles refused to respond to its commands. He could only lie there, staring into the dully, low-hung sky, and listen.

"Very bad affair this one, boss," he said.

The voice was Koplock's, and the conversational tone, which carried through the frosty stillness plainly, indicated that the interpreter, and the factor, still lived.

"The red-coat killed her firing at me, you can see that and swear to it, can't you?" Karmack demanded.

"But the bullet hit the Karmack," came from the native. "Sis hit him back. It was your bullet that lay her low."

Koplock awoke to nothing but the intense impression sprang from the factor's lips, but scarcely registered with the listening sergeant. He was too filled with rejoicing that no involvement of his people was involved.

"It don't matter," he heard Karmack grumble. "Co've a look at the policeman. If only she killed him

Seymour heard the crunch of snow-shoes; knew that the native was coming toward him. What should he do? He had no weapon, and the gun he had only a "crease"; hoped that the nummular numbers would pass. To flog death under the native's inspection.

But to that place several objections immediately presented themselves. The mission-educated Eskimo would be hard to deceive with more convincing than that he had come. Again, there was no telling how long the paroxysm that gripped him would last.

No one could lay out to time's temperature for any length of time without freezing.

He recalled that Koplock had always shown a dog-like devotion to him; unless he was granted the foot which Seymour had paid for his services as interpreter for the government. Certainly the native was greatly distressed by what he just heard.

To throw him off, he said:

"Stand by your king," he said. "Tell Karmack I'm dead, but don't go on with him."

Koplock assented with a wink and quickly straightened.

"I'll pass out," Seymour heard him call to his employer. "Center shot."

"Not so bad," came the unfeeling response from the factor. "That's what he gets for edging into my aff's."

The sergeant heard the native shaking back and then came the calloused instructions of a hard-pressed fugitive who could not afford to lose his head in an instant.

"I must run on with my dogs," said Karmack. "Take the girl back to Arnlasice on her sled. Tell them I'm dead. I'll be there when you do that now."

"I'll be with him," Koplock assured him, and Seymour.

"The cop—let the horses bury him."

Five minutes or so after Karmack's "Mush—mush on!" had signaled his escape, Seymour had a "sudden" again at the side of the sergeant.

"I'm very bad man," that Factor Karmack, he said as he began a vigorous massage of Seymour's limbs.

For a moment he worked vigorously

to restore circulation and the officer was able to reward him by twiching his fingers.

"Big joke, this on Karmack," went "Where's the joke with Miss O'Malley dead?" Seymour demanded, as the Eskimo turned him over to knead his back. Koplock was too much engrossed in his operations to reply readily.

"The most big joke him is Miss O'Malley she not dead but just some hurt like you."

The effect upon Seymour was magical. Power returned to his muscles as suddenly as it had departed from them. Of course, he had to turn over and sat up in the snow. With the Eskimo's aid, he got to his feet. He glanced around over the battle scene and could see nothing of the beloved figure. His eyes put the question:

"Koplock carry her to tent," answered "Good boy, Koplock."

Slowly, as his legs were numb, and with the native's grip, to steady him, Seymour lay wrapped in a rabbit-skin robe, his gazing open-eyed at the roof upon her flushed face an expression of surprise and wonder that he did not understand just what had befallen her.

"Thank heaven you're alive!" cried the Mountie, staring down at her, his eyes brimming with tears of rejoicing.

"You—you!" she murmured. "Where is Mr. Karmack?" She seemed afraid and her wide eyes accosted him cruelly. Seymour sat down beside her, nearly-nearly musing her. Mister Karmack had continued his flight."

"I said, 'You and I will thrash this out,' " he said. "I'll be with you."

Of his shot in her back will have to wait. "I cleared your mind of certain apprehensions," he said.

She turned from him, but he felt certain that she would listen. First, came her admiration of his great liking for her brother, a mutual regard, he believed.

"The red-coat killed her firing at me, you can see that and swear to it, can't you?" Karmack demanded.

"But the bullet hit the Karmack," came from the native. "Sis hit him back. It was your bullet that lay her low."

Koplock awoke to nothing but the intense impression sprang from the factor's lips, but scarcely registered with the listening sergeant. He was too filled with rejoicing that no involvement of his people was involved.

"It don't matter," he heard Karmack grumble. "Co've a look at the policeman. If only she killed him

For a moment he worked vigorously

CHAPTER XIII.

Mr. Mountie's Pictures

The scene in the rooms of Mountie's impressive Winter Station was as lively as it was metropolitan. Trains arrived with their outpourings of passengers, the ladies, replying at the Mountie's end of the Park of Canada. Immigrants, quickly dressed, stood about in huddled groups, waiting to be herded into the cars that would take them to the wild lands of Saskatchewan or the green forests of British Columbia. "Red caps," bullet-proof about with the experience of having been to the States, had come back to their thirst, for once, thoroughly quenched, save any violation of law.

He glanced around over the battle scene and could see nothing of the beloved figure. His eyes put the question:

"The most big joke him is Miss O'Malley she not dead but just some hurt like you."

The effect upon Seymour was magical. Power returned to his muscles as suddenly as it had departed from them. Of course, he had to turn over and sat up in the snow. With the Eskimo's aid, he got to his feet. He glanced around over the battle scene and could see nothing of the beloved figure. His eyes put the question:

"The most big joke him is Miss O'Malley she not dead but just some hurt like you."

The Mountie, staring down at her, his eyes brimming with tears of rejoicing:

"You—you!" she murmured. "Where is Mr. Karmack?" She seemed afraid and her wide eyes accosted him cruelly.

"I sat down beside her. Mister Karmack had continued his flight."

"I said, 'You and I will thrash this out,' " he said. "I'll be with you."

Of his shot in her back will have to wait. "I cleared your mind of certain apprehensions," he said.

She turned from him, but he felt certain that she would listen. First, came her admiration of his great liking for her brother, a mutual regard, he believed.

"The red-coat killed her firing at me, you can see that and swear to it, can't you?" Karmack demanded.

Local and General Items

G. H. Snod has returned to Coleman from a visit to the Pacific Coast.

Mrs. D. A. MacAuley spent a few days at Coleman with her parents, Mr. and Mrs. A. Beck.

Harry Benson is going out of "business" and asks us to advertise for sale a wicker baby carriage.

A shipment of buffalo and elk is being made from Wainwright to Stanley Park, Vancouver.

Dr. and Mrs. O. Little motored out to Creston last week end, where they spent a few days with friends.

Mrs. G. A. Lalonde and son Leonard, of Rimouski, Quebec, have been visiting at Pincher Creek with her sister, Mrs. C. H. Dionne.

Mr. Robert Gray, district manager for Plunkett & Savage (Lethbridge) Limited, paid a business visit to Lethbridge over the week end.

Capt. W. A. Beebe has erected a large auto garage at the rear of his residence. The structure is of cement and very neat in appearance.

Mrs. D. E. McLean left Wednesday for her home in Blairmore, after a three weeks' visit here with Mr. and Mrs. J. G. McLean.—Nanton News.

An exchange remarks that "teeth need good food for growth." We admit that we have been trying ours on the 'best of diet, but fail to notice them grow.

Mr. and Mrs. James Harland and Mr. and Mrs. Arthur Ennis, recent matrimonial victims, have returned from their honeymoon trips and taken up residence in Blairmore.

Mr. and Mrs. Stanley, of Lethbridge, spent the week end with friends in Blairmore. Both Mr. and Mrs. Stanley were former employees of the local telephone exchange.

Mr. Rex Dillingham, formerly of The Enterprise composing staff, but now connected with the Coronation Review, stopped off at Blairmore on Tuesday while returning from a holiday trip to Spokane and other western points by motor.

Some party or parties took occasion last week to steal two large turkey keys, the property of Mr. J. A. McDonald, of Sixth Avenue south. The police have a clue to the guilty parties and it is hoped they will be caused to make good Mr. McDonald's loss.

The number of holiday makers from the United States crossing the border into British Columbia this season has smashed all records, reaching a total of 125,000 in less than 31,000 automobiles between April the 1st and August 31st.

Mr. and Mrs. Stitt and children stopped off here for a few days last week enroute by motor from coast points to their home in Lethbridge and were guests of Mrs. Stitt's father and mother, Mr. and Mrs. James Patterson.

Howard Bush, son of Mr. W. M. Bush, of the Blairmore Vulcanizing and Battery Station, left Walkerton, Ontario, on Wednesday morning to visit his father here. Howard will likely be accompanied by a boy chum and will reach here Sunday morning.

Police nowadays are simply time-keepers in Alberta. It is interesting to note the promptness with which they notify the beer-shop clerk that "it's ten o'clock!" Suggesting, of course, that the proprietors or the clerks in these places are ignorant uses.

Mr. and Mrs. Miller, of Edmonton, returning from their honeymoon spent motoring through the western States, stopped off in Blairmore on Tuesday to spend a few hours with Mr. and Mrs. Conway. They proceeded towards Calgary on Wednesday forenoon.

Mrs. Frank G. Graham has returned to Coleman after a pleasant visit to Nelson and other B. C. points.

Rev. Father Pugman, of Calgary, was the guest of Rev. Father Cosman at St. Anne's rectory on Tuesday.

Mr. Kroll, of Frank, succeeded in landing a ten-pound speckled trout from the Siske lake one evening last week.

There will be a general meeting of the G. W. V. A. on Sunday next at 3 p.m. All members are requested to attend.

Mr. and Mrs. W. H. Delong, of Plunkett & Savage (Lethbridge) Limited, were visitors to the Pass last week end.

Housewives will be interested to know that this will be the last week in which to secure preserving prunes and pears.

Inspector Bavin, of the A.P.P., was up from Lethbridge on Saturday last on a visit of inspection to the local barracks.

Mr. F. Wheatley left here on Tuesday morning for Calgary, where on Wednesday he represented the Blairmore miners at the miners' conference.

Winnipeg bootleggers are in possession of a new device called an "alcoholic gun," which raises plain ne'er-heard to the intoxicating status of "white mule" by the simple pressure of the finger.

Dan Lewis and bride—the former Jamie McMurchie—are moving into their new quarters in the Blairmore block, which have lately been redecorated. They will be at home after September 6th.

The new Bellevue school at Maple Leaf is nearing completion and will be ready for opening, possibly next month. The building is one of the most finely finished four-room school buildings in the province and reflects great credit upon the ability of the contractors.
